

FEATURES

- UFC couplings are essentially general purpose couplings with a flexible spider which can accommodate higher degree of misalignment.
- Parallel misalignment upto 0.5 mm
- Axial misalignment upto 1.7 mm
- The design of the UFC coupling has been optimised so that power capacities are balanced to the appropriate shaft diameters.
- Spider are unaffected by moisture, grease and oils-including non-aromatic and non-ketone solvents & temperatures within the range 40°C to + 100°C
- Virtually eliminated and lubrication free.

* J - Wrench clearance to allow tightening and loosening the bush on the shaft

MATERIAL SPECIFICATIONS

Hub	70-280	Cast Iron	CI	CI IS 210 Gr FG - 200
Spider	80°	Synthetic Rubber	NBR	St. ASTM D 2000BG810

ALTERNATIVE SPIDERS

Execution in Hytrel, Polyurethane available on request.

*For temperature range of elastomers please see on page no. 34 - coupling selection
